Preface

After teaching some years at different universities, I decided to compile a book covering many attractive, scientific and updated topics. Mostly subjects go around topics extracted from scientific journals. Actually, texts are taken from published articles, shortened and edited; moreover, the readability of each text is estimated so as first ten units can be taught as Basic English and the next ten ones can be used as general English for university students.

To make the book fascinating some related pictures, an expression and one or two grammatical points have been added to each unit. Those grammatical points have been selected so that they will prepare learners to overcome challenges encountered in reading scientific texts.

Acknowledgement

I would like to express my gratitude to my wife, Mina Pakpour, for her support and clear-headed suggestions about style of writing, subjects and picture selection. Moreover, my appreciation goes to professors , Dr. A.Tahriri and Mr. F. Golpour, who reviewed this manuscript and gave invaluable comments and recommendations.

Table of Contents

Title	Page
Lesson 1....* <i>Fruits and Vegetable Benefits</i> *	5
Lesson 2* <i>Water</i> *	11
Lesson 3....* <i>Smoking</i> *	17
Lesson 4....* <i>Mobile Phone</i> *	23
Lesson 5....* <i>Internet</i> *	29
